

Radiotherapy Open Morning

**SATURDAY 7TH OCTOBER 2023
CHELTENHAM GENERAL HOSPITAL**

Are you interested in science? Do you have a caring nature? Do you want to work in healthcare, but not as a doctor or nurse?

Then come along to the Radiotherapy Open Day at the Oncology Centre. Here you can follow a cancer patient's pathway from diagnosis, to planning of treatment to delivering treatment. There will be professionals to show you around the department and explain what happens during the patient journey.

Please email ghn-tr.oncologyradiotherapy@nhs.net to express interest.
