STEP INTO THE NHS

STEP INTO THE NHS: TAKE THE TEST

There are more than 350 different careers in the NHS. Many work with patients while others work behind the scenes. What they all have in common is that they make a difference to people's lives.

To find the NHS careers that best suit you, all you need to do is answer some simple questions.

<https://www.stepintothens.nhs.uk/careers/take-the-test>

SPOTLIGHT: T-LEVELS CELEBRATION WEEK 3-8TH DEC

T-LEVELS

THE NEXT LEVEL QUALIFICATION

EQUIVALENT TO 3 A LEVELS

T-Levels are an alternative to A levels, apprenticeships and other 16 to 19 courses. Equivalent in size to 3 A levels, a T Level focuses on vocational skills and can help students into skilled employment, higher study or apprenticeships.

Available at:

- Gloucestershire College
- Hartpury College
- Cirencester College
- Stroud College (Filton Campus)

Health and Care organisations across Gloucestershire are embracing T-Levels as an exciting pathway to nurture future talent, with placements steadily growing in both clinical and non-clinical roles.

Gloucestershire Health and Care NHS Foundation Trust, Gloucestershire Hospitals NHS Foundation Trust, NHS Gloucestershire, Gloucestershire County Council, Gloucestershire Care Providers Association, and Primary Care are among the key organisations expanding their involvement in this initiative.

T-Levels offer students practical and knowledge-based learning at a school or college and on-the-job experience through an industry placement of at least 315 hours – approximately 45 days.

SPOTLIGHT: T -LEVELS @ GLOUCESTERSHIRE HOSPITALS NHS TRUST

Gloucestershire Hospitals currently offer industry placements to students studying the Health T- Level courses at Gloucestershire College, Cirencester College and Stroud College.

Young people in Gloucestershire are being offered the opportunity to gain valuable real-life experience when they participate in T-Level placements within our Trust.

The **Apprenticeships & Careers Team** at Gloucestershire Hospitals NHS Foundation Trust held a Parents Evening at Gloucestershire Royal Hospital on 5th November 2024 for the Health T Level students that they are supporting on industry placement from February 2025.

With attendance from over 50 students, parents/carers, the team covered;

- How they've prepared for T Level placements
 - Placement expectations
 - Realities of a placement
- Industry placement booklet
 - Next steps

The evening was well received with valuable questions and discussions regarding industry placements. GHT look forward to welcoming their T Level students back into the hospital in December where they will host a pre-placement workshop and students will attend their allocated wards for orientation.

Any requests for Industry Placements must come to the Apprenticeships & Careers Team (ghn-tr.levels@nhs.net) via the local Colleges.

To find out about TLevels visit the Government website below:

www.tlevels.gov.uk

CAREER SPOTLIGHT: CAM'S T LEVEL JOURNEY

Why did you choose to do a T Level?

I chose to enrol on the T Level course as I wanted to combine learning and Placement within a Hospital setting, The T Level allows me to do this.

Where is your placement and how are you finding it?

My placement has been at GRH on ward 3B which is a trauma and orthopaedic ward. I enjoy my placement on this ward as from day one I have felt a valued member of the team. No day is the same, you get to meet lots of different patients and help towards their care. My biggest challenge has been attending placement alongside a chronic health condition.

Does anything surprise you about your placement and the job role?

Being on placement you learn something new every shift, each time I enter the ward there is always a new challenge. I have been surprised at how welcoming the patients are to having a young male on the ward. They are always happy to see me on shift and have even asked about me when I am not there

What are your career goals?

My long-term career goals are to continue to work For Gloucestershire hospitals and continue to further advance my skills and experience before embarking on a future career as a Paramedic.

Expanding T- Level Placement Opportunities

- **Gloucestershire Health and Care NHS Foundation Trust** and **Gloucestershire Hospitals NHS Foundation Trust** are leading the way by opening their doors to more T-Level students, helping them gain hands-on experience in clinical roles and essential support services.
- **Social Care Providers** are introducing students to the vital work done in communities, supporting Gloucestershire's most vulnerable residents.
- **Gloucestershire County Council** is expanding placements in non-clinical areas such as business administration, allowing students to develop critical workplace skills in public sector management.
- **NHS Gloucestershire- Integrated Care Board**, is preparing to welcome students into roles from Spring 2025, offering opportunities in business administration and digital. These roles will provide insight into how strategy and planning contribute to driving healthcare systems forward.

DECEMBER OPPORTUNITY HIGHLIGHTS

Join NHS Cadets 2025!

NHS Cadets is a youth volunteering programme established by NHS England.

Delivered by St John Ambulance in partnership with local NHS trusts and healthcare providers across the country. The programme designed to inspire the next generation of healthcare professionals.

With two pathways: Foundation (for 14–16 year olds) and Advanced (for 16–18 year olds), young people will learn practical skills and explore the different careers within Health and Social Care.

Next intake: January 2025 (Online)

Sign up via the QR codes on the poster below

CIRCLE 2 SUCCESS EVENT

Circle to Success was hosted at Cheltenham racecourse and was attended by over 50 different businesses and 2000 students. One Glos Health and Care Teams were proud to promote a collaborative, system wide approach to engage and support students. Using VR headsets students were able to explore the impact of being visually impaired, as well as learn about different types of careers available to them.

If there are any follow up queries, please contact the We Want You team: glicb.careers@nhs.net
