

Cotteswold Dairy

ENGINEERING

Electro-Mechanical Maintenance Apprenticeship

Tewkesbury Depot

Permanent, Full Time, 37.5 hours per week

Five days per week Monday - Friday

Salary of £15,000 per annum for year 1*

* To increase after 1st Year of study

Cotteswold Dairy - a family business with 85 years' history - are working in partnership with GET to offer an Electro-Mechanical Maintenance Apprenticeship that will give you formal training alongside work placement.

You will be supported by a team of specialists from GET and our engineering team, to ensure you are able to achieve the requirements of your programme to the best of your individual ability.

Year 1 will be predominately spent studying at GET during term time and on site at The Cotteswold Dairy Tewkesbury production facility during holidays, learning from our skilled team of engineers.

Year 2 to 4 will be based at The Tewkesbury Depot within the production facility working on real projects and products with the engineering team. Study will continue at GET on a part time basis.

What you will learn:

- How to repair and maintain our plant equipment
- Learning an array of different machinery (mill, drill, lathe, grinder) and computer numerically controlled machinery (CNC)
- You will attend breakdowns, and support production in maintaining machine uptime.

You are required to have:

4 GCSE's level 4 and above, to include
Maths and English GCSE
Physics GCSE
